PROFESSIONAL EXPERIENCE

- Web Developer — [Your Digital Resource](#), Florida, US (Remote)** Jan 2024 – Aug 2026
- Pioneered AI-assisted Webflow/WordPress workflows across dozens of landing pages, cutting repetitive editing work from days to a couple of hours.
 - Built AI-driven performance optimization that moved client sites from GTmetrix Grade F to A and reduced the optimization process from 90 to 20 minutes.
 - Created an open-source Client-First Agent Skill that encodes Finsweet Client-First conventions so AI tools can generate Webflow components automatically instead of by hand.
 - Led design, development, and delivery of client communication materials across web and digital channels.
- Software Engineer — [Nिकासource](#), Florida, US (Remote)** 2022 – 2024
- Owned web development delivery using React, Vue, and WordPress for international client requirements.
 - Contributed to frontend architecture, reusable component design, and performance optimization across concurrent projects.
 - Upheld code quality and best practices across multiple concurrent international projects.
- SEO Specialist — [Top Floor Marketing](#), Managua, Nicaragua** 2020 – 2022
- Built content automation combined with bot workflows, increasing lead volume across client portfolio sites by 30%.
 - Built custom WordPress sites and optimized Core Web Vitals and on-page SEO for rankings.
- Project Manager and Tech Lead — [AIM Services](#), Managua, Nicaragua** 2019 – 2020
- As Project Manager and Tech Lead, recovered a year-delayed web + mobile application and shipped it to production in 3 months.
 - Owned architecture and delivery for company projects, including a dual web/mobile application built with Ionic.

- Introduced Laravel into projects previously built in plain PHP, expanding the feature set the agency could deliver to clients.
- Developed real-time PHP systems for special events and live campaigns.
